Response/Answers given to Questions from both Reviewers/Examiners (For Thesis)

1. INTRODUCTION (5-10 Pages) (Font -All Capital-14)

1.1 Introduction

1.2 Need/Necessity/Motivation

1.3 Objectives

1.4 Theme

1.5 Organization

2. LITERATURE SURVEY/REVIEW

(15-50 Pages)

Literature Survey/Review

Related information available in standard Books, Journals, Transactions, Internet Websites *etc.* till date (More emphasis on last three to five years)

Find the research gap of the expected work

3. SYSTEM DEVELOPMENT (15-50 Pages)

Model Development

- Analytical
- Computational
- Experimental
- Mathematical
- Statistical

(Out of above methods at least one method is to be used for the model development)

Some mathematical treatment or related information is required

4. PERFORMANCE ANALYSIS (25-50 Pages)

Analysis of system developed either by at least two methods depending upon depth of standard
These methods normally used are Analytical / Computational/Experimental/Mathematical or Statistical
Results at various stages may be compared with various inputs
Optimize output at various stages with some waveforms or signals or related information/parameters
Comparison of above results by at least two methods
Justification for the Differences or Error

5. CONCLUSIONS

(1-3 Pages)

5.1 Conclusions

5.2 Future Scope

5.3 Applications/Utility

Contributions (if any, 1 Page)

- The innovative work/invention/ new ideas generated from the analysis of the work which can be taken from the conclusions
- If possible patent may be filed depending upon the level of research or contributory work

References

- Author, “Title”, Name of Journal/Transactions/ Book, Edition/Volume, Publisher, Year of Publication, pp.__.
- These references must be reflected in text at appropriate places in square bracket
- In case of web pages complete web page address with assessing date has to be enlisted
- List of references should be as per use in the text of the report

Appendices

(1-25 Pages)

- Related data or specifications or referred charts, details computer code/program, *etc*.

Acknowledgement (1 Page)

- Expression of gratitude and thankfulness for helping in completion of the said task with names starting from Guide and related persons
- Signed by the candidate
